

REMARKS

The Notice dated September 23, 2005, states that the Applicants must supply a translation of the application into English and that the previous translation was defective as having a different number of claims as the International Application.

The International Application, WO 2004/014637, (see copy enclosed) was filed with 29 claims. The response to missing parts filed July 14, 2005, included an exact translation (copy enclosed) of the International Application with 29 claims. According to the Office, the claims were missing from the translation, and are supplied herein.

Please enter the above Preliminary Amendment. Please cancel claims 1-29 which correspond exactly to those filed PCT/EP03/08520 (WO 2004/014637) and add new Claims 30-93.

Respectfully submitted,

Michael H. Baniak / Steven B. Courtright
